SEAOSC FOUNDATION

2027 SEAOSC FOUNDATION SCHOLARSHIPS

Applications are due by **DEC 1** **2026**

The scholarship award is based on excellence in academics, leadership, and extra-curricular activities with the desire to pursue a career in structural engineering. All undergraduate students enrolled full-time in an engineering program with an emphasis in structural engineering at an accredited college or university in the SEAOSC Region are eligible to apply. Those who wish to be considered for a scholarship must submit the following information by **December 1, 2026**:

- A statement of purpose that highlights your intended future career goals within structural engineering and any obstacles (personal, financial, family, educational, employment, etc.) you have overcome that have influenced your career and education choices (two pages maximum);
- A resume identifying relevant work experience (if applicable), achievements, leadership roles, and extracurricular activities;
- An unofficial transcript;
- A letter of recommendation from an engineering professor or employer;
- Additional information about yourself in a creative format is encouraged such as a brief self-made video, website, etc.
- Community College Applicants: Please describe your planned transfer pathway, including the four-year institution(s) and structural engineering program(s) you intend to pursue.

Please email all information in PDF format, along with your contact information, to scholarships@seaosc.org. Winners will be notified by January 13, 2027.

SEAOSC Region: Imperial, Kern, Los Angeles, Orange, Riverside, San Bernardino, San Luis Obispo, Santa Barbara, and Ventura Counties

Scholarship amounts are determined each year by the SEAOSC Foundation Board based on available funds and qualified applicants. Traditionally, scholarship amounts have ranged from $2,000 – $3,000.

Winners will be Honored at the 2027 Emerging Engineers Night held in person, in Los Angeles, on February 10, 2027.

Recipients are required to attend the event in order to receive their awards, however exceptions may be considered by the SEAOSC Foundation.

If you have questions, please contact Taylor Walsh or Elyse Pollack, SEAOSC Younger Member Committee Scholarship Co-Coordinators at scholarships@seaosc.org
