

# UCLA Civil and Environmental Engineering

2018-2019 Career Fairs

November 1st, 2018

January 31st, 2019

Hosted by ASCE at UCLA

## **Career Fairs**

Registration for one or both of the CEE Career Fairs gives employers access to hundreds of top civil engineering students. Career Fair registration includes admittance to the career fair for two company representatives, one booth reservation, one parking pass, refreshments and lunch for each representative, and a company overview in our career fair packet. Upon request, power access for any displays and additional parking passes can be made available. The different options for registration and sponsorship are shown on the next page, with pricing for additional options shown on the Registration Form. Additionally, for government organizations, please deduct \$200 from your selected package.

## **Networking Nights**

Depending on the desired package, employers have access to our Winter Networking Night, which allows them to interact with our students in a more casual setting on the evening before the Winter Career Fair. Appetizers and drinks will be served. All companies attending one or both Fairs are invited to Networking Night. Companies who make donations to Networking Night will be advertised on our website and at the event, among other perks. For more information, please check the Networking Night box on the Registration Form.

## **Information Sessions**

Information Sessions provide an exclusive avenue for companies to promote their company and engage students in a more interactive setting. For more information on our Information Sessions, please visit <https://bit.ly/2IjjSbv>.

## **Sponsorships**

### **UCLA Civil and Environmental Engineering Sponsorship**

The CEE Partners program connects your organization with CEE department students, faculty, and staff for an experience tailored to your needs. Enjoy exclusive recruitment opportunities, networking opportunities with faculty and professional colleagues, advance knowledge of cutting-edge technical developments, research partnership opportunities, and opportunities to share your knowledge and experience with the next generation of engineering leaders. We welcome participation at the Bronze, Silver, Gold, and Platinum levels. For more information, please visit [www.cee.ucla.edu/partners](http://www.cee.ucla.edu/partners).

### **ASCE at UCLA Sponsorship**

ASCE at UCLA is a student-run organization that encompasses nearly the entire student body of civil engineering students at UCLA. Moreover, our chapter received the Ridgeway Award this past year, which holistically evaluates all ASCE student chapters and determines the recipient as the best ASCE chapter in the world. To incorporate all of our 350 members, ASCE at UCLA hosts a vast array of engaging and hands-on events, with the largest events being our Career Fairs. Your sponsorship directly supports our student organization, and we would not be able to meet the rigorous goals and expectations we set for ourselves without your support!
