Earth Mechanics, Inc. (EMI) is seeking a **Staff Geotechnical Engineer** to join our growing team. This position is ideal for a recent graduate or an early-career professional looking to gain hands-on experience in geotechnical engineering through involvement in a variety of transportation infrastructure projects, including bridges, highways, rail and transit systems, airports, and flood control facilities.

As a Staff Geotechnical Engineer, you will work closely with experienced engineers and project managers, contributing to the planning, fieldwork, analysis, and reporting phases of geotechnical investigations. This role provides an excellent foundation for career development and long-term professional growth within a collaborative, technically strong organization.

Location: Fountain Valley and Hayward, California

Employment Type: Permanent Full-time

Compensation Range: \$70,000 - \$90,000

Required Qualifications:

- Bachelor's degree in Civil or Geotechnical Engineering (Master's degree preferred).
- 0 to 3 years of relevant geotechnical engineering experience (internship experience a plus).
- EIT certification or eligibility to obtain within 6 months.
- Strong technical writing, communication, and organizational skills.
- Proficiency in Microsoft Office (Word, Excel, PowerPoint).
- Valid U.S. driver's license (required for fieldwork and inter-office travel).
- Authorization to work in the United States.
